

PK PIONEERS

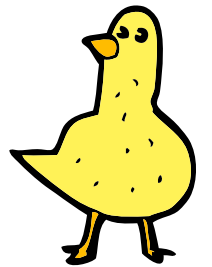

Make a bird feeder

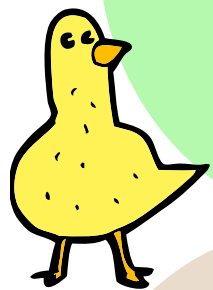

You will need:

- a cardboard tube
- birdseed
- peanut butter
- string
- scissors
- knife
- sharp pencil
- 10 cm twig

1. Use the pencil to make 4 holes in the tube.

2. Use the knife to spread a layer of peanut butter onto the outside of the tube.

3. Press the roll into the birdseed so that it's covered all over.

4. Thread the string through the 2 top holes and tie the ends together. Push the twig through the 2 lower holes.

Proper Job!
